

RamSelect Workshop

Confident ram selection and purchase

Rams are purchased on one day of the year, however their effect on your flock continues for many years. Making sure you buy the right genes for production, quality and disease resistance ensures the ram you choose is a wise investment.

MERINOSELECT and LAMBPLAN breeding values help select the best rams that will breed the best progeny.

Your investment will result in MORE MEAT, MORE WOOL, MORE LAMBS.

RamSelect is a practical one day workshop building confidence to:

- select rams for all breeds
- define your breeding objective
- assess rams using figures and visual assessment
- prepare for the auction or selection day
- invest in rams for production and profit.

For more information and to register contact Kevin White at kewhite@gotafe.vic.edu.au or on 5723 6294.

This workshop provides the ideal learning environment to foster the skills and knowledge needed to ensure the quality of your flock, now and into the future.

Make sure you buy the right genes for production, quality and disease resistance.

Morning tea and lunch will be provided.

Numbers are limited - don't miss out.

RSVP is essential.

Hosted by: Rod & Ange Frohling

"Oak Hill" 1517 Howlong RD Burrumbuttock, NSW

When: Tuesday 30th Sept @ 8am - 3pm

Phone: Rod for rsvp 0428250725 by 26th Sept 2014
